Dear Colleague,

The EWCBR Organizing Committee would like to inform you that, as this year, the 2011 conference will take place in **LES 2 ALPES**, a well-known ski resort located at the heart of Les Ecrins National Park. Les Deux Alpes is the largest resort in the Dauphine region, and with a glacier at 3568m it is not only the largest in Europe, but also allows summer skiing.

The Scientific Committee, as in previous years, invites participants to organize scientific sessions on a particular theme of their interest.

We anticipate the programme to be as broad as possible, extending from molecular neurobiology all the way through clinical neuropsychiatry, by way of electrophysiology, pharmacology, physiology, cognition, anatomy, pathology, behaviour, genetics, functional imagery, etc. **The underlying priority of EWCBR is "interdisciplinary communication".**

A title, a short summary explaining the importance of the session, and the participants' names and addresses should be submitted to the Secretariat EWCBR by e-mail ewcbr@asso.univ-paris5.fr or by fax (33.1.49.69.96.57), before **JUNE 30, 2010**.

The Organizing Committee's acceptance decision will be given before **JULY 10, 2010**. A second selection will be made for proposals arriving after **JUNE 30** and before **SEPTEMBER 30, 2010** and an answer will be given before **OCTOBER 10, 2010**.

Each session organizer must provide written acceptance of participation from all potential participants before final acceptance can be given.

Accommodation and conferences at the HOTEL MERCURE LES 2 ALPES 1800, located at the foot of the slopes. The hotel offers magnificent views of the ski resort and the Oisans and Ecrins mountains.

You will receive the second circular letter in October with information concerning selected sessions and the e-mail address of where to send the abstracts.
