

## **Danish Society for Neuroscience**

**Summer meeting at the University of Copenhagen  
Faculty of Pharmaceutical Sciences, Auditorium A3  
June 23<sup>rd</sup> 2010: 08.45 – 14.30**

### **Neuroregeneration & Repair**

**08:45:-09:15: Coffee**

**09:15-09:30: Introduction by Anders Brandt Elvang and Professor Michael Chopp**

**09:30-10:30: Professor Michael Chopp** (Neuroscience Institute, Henry Ford Hospital, Detroit, USA)

*“Restorative cell-based and pharmacological therapy for neurological disease”*

**10:30-10:40: Break**

**10:40-11:40: Professor Gennadij Raivich** (UCL Centre for Stem Cell Research, Tissue Engineering and Regenerative Medicine, Perinatal Neuroscience, Institute of Women’s Health, UCL, London, UK)

*“Success in Nerve Regeneration: What are the Signals?”*

**11:40-12:10: Lunch**

**12:10-13:10: Chief Scientific Officer Dr. John Sinden** (ReNeuron Group, Surrey, UK)

*“Bringing neural stem cells to a clinical trial for stable stroke disability”*

**13:10-13:20: Break**

**13:20-14:20: Professor Volker Dietz** (Spinal Cord Injury Center, Balgrist University Hospital, Zürich, Switzerland)

*“Neuroplasticity after spinal cord injury: effects of functional training and neurorehabilitation”*

**14:20-14:30: Concluding remarks (Professor Michael Chopp / Anders Brandt Elvang)**

**Organizer: Research Scientist Anders Brandt Elvang, Ph.D., Section for Neurodegeneration, H. Lundbeck A/S, Valby, Copenhagen – Denmark.**

**Please register by email to [neuroregeneration@lundbeck.com](mailto:neuroregeneration@lundbeck.com) no later than June 16<sup>th</sup>.**
